SCM's the choice for efficient management of two new assignments

SCM received the nod to manage two more commercial properties recently. An institutional investment partnership based in California, selected SCM to manage Lincoln Court, a 150,000 square foot retail/office center. Tenants include LA Fitness, Cheddars, and No Frills Grill. A subsidiary of the Standard Insurance Group chose SCM to manage an office property on Avenue J in North Arlington.

Both companies face the challenge common to out of town owners of commercial properties: how to manage the property efficiently from far away without overspending on services. They focused on selecting the manager best equipped to help them organize services and expenses in a cost-effective way. SCM was chosen after reviewing their track record of attention to detail and their culture of managing every property as if they owned it themselves.
